

Do you have a client who cannot come in due to *being elderly* or *disabled*?

Do you have a patient with *reoccurring out patient* vet visits?

Would *your clients* appreciate *having more time* to do the things that are important to them?

Could *you* use more time for your hospital to *be more productive* and *increase your bottom line*?

## introducing TRANSPORT TUESDAYS

A premium pick up and drop off service for your procedures and/or outpatient treatments. Upon your hospital's approval of the client, AmbuVet will:

- ✓ Provide a curbside pick up the pet from the client's home or office
- ✓ Have the client sign YOUR hospital paper work for admission and our paperwork for consent to transport to your hospital
- ✓ Bring the patient to your facility for treatment
- ✓ Return the patient back to the owner with discharge instructions and medications as needed.

Round Trips start at **\$135.00**

We will coordinate with your point of contact to ensure a seamless admission process and make arrangements for an organized discharge. Now, with no client present, your staff doesn't have to spend time admitting, explaining medication or going over discharge instructions and can be more productive in your hospital. Additionally, your clients will be thrilled that they have the extra time for themselves.
